Beam: 5.49 mts

Draft: 1.65 mts

CAPACITIES

PAX:

Cabin(s):

Bath(s):

TANKAGE

Water: 1000 lts

Fuel: 5500 lts

OVERVIEW

When Riva designs a flybridge motor yacht, you can be sure it will be something very special, and that is undoubtedly true of the Riva 75 Venere Super. 75ft flybridge yachts don't come any more tasteful, more stylish or more beautifully put together than this. The quality of the materials and finish are as exceptional as the meticulous standards of the engineering and technical systems. Black and sand coloured leather, bleached oak and white lacquer together give the interior a look that is sublimely elegant and refined. The 75 Venere Super has two double suites, two twin-berth suites and crew accommodation for two.

This unique Riva 75 is one of the only built with an impressive stern solarium.
