

Custom Line 50

CUSTOM LINE

Custom Line 50

Built at Ferretti Group's Ancona Superyacht Yard in Italy, Custom Line 50 is the result of collaboration between the Strategic Product Department led by Piero Ferrari and the Ferretti Group Superyachts Division Engineering Department. A statement of forward-thinking design, excellence in naval architecture and engineering, conscious exclusivity and craftsmanship, the exterior design of this superyacht is by architect Filippo Salvetti and the interior architecture by ACPV Architects Antonio Citterio Patricia Viel.

Beyond the line.

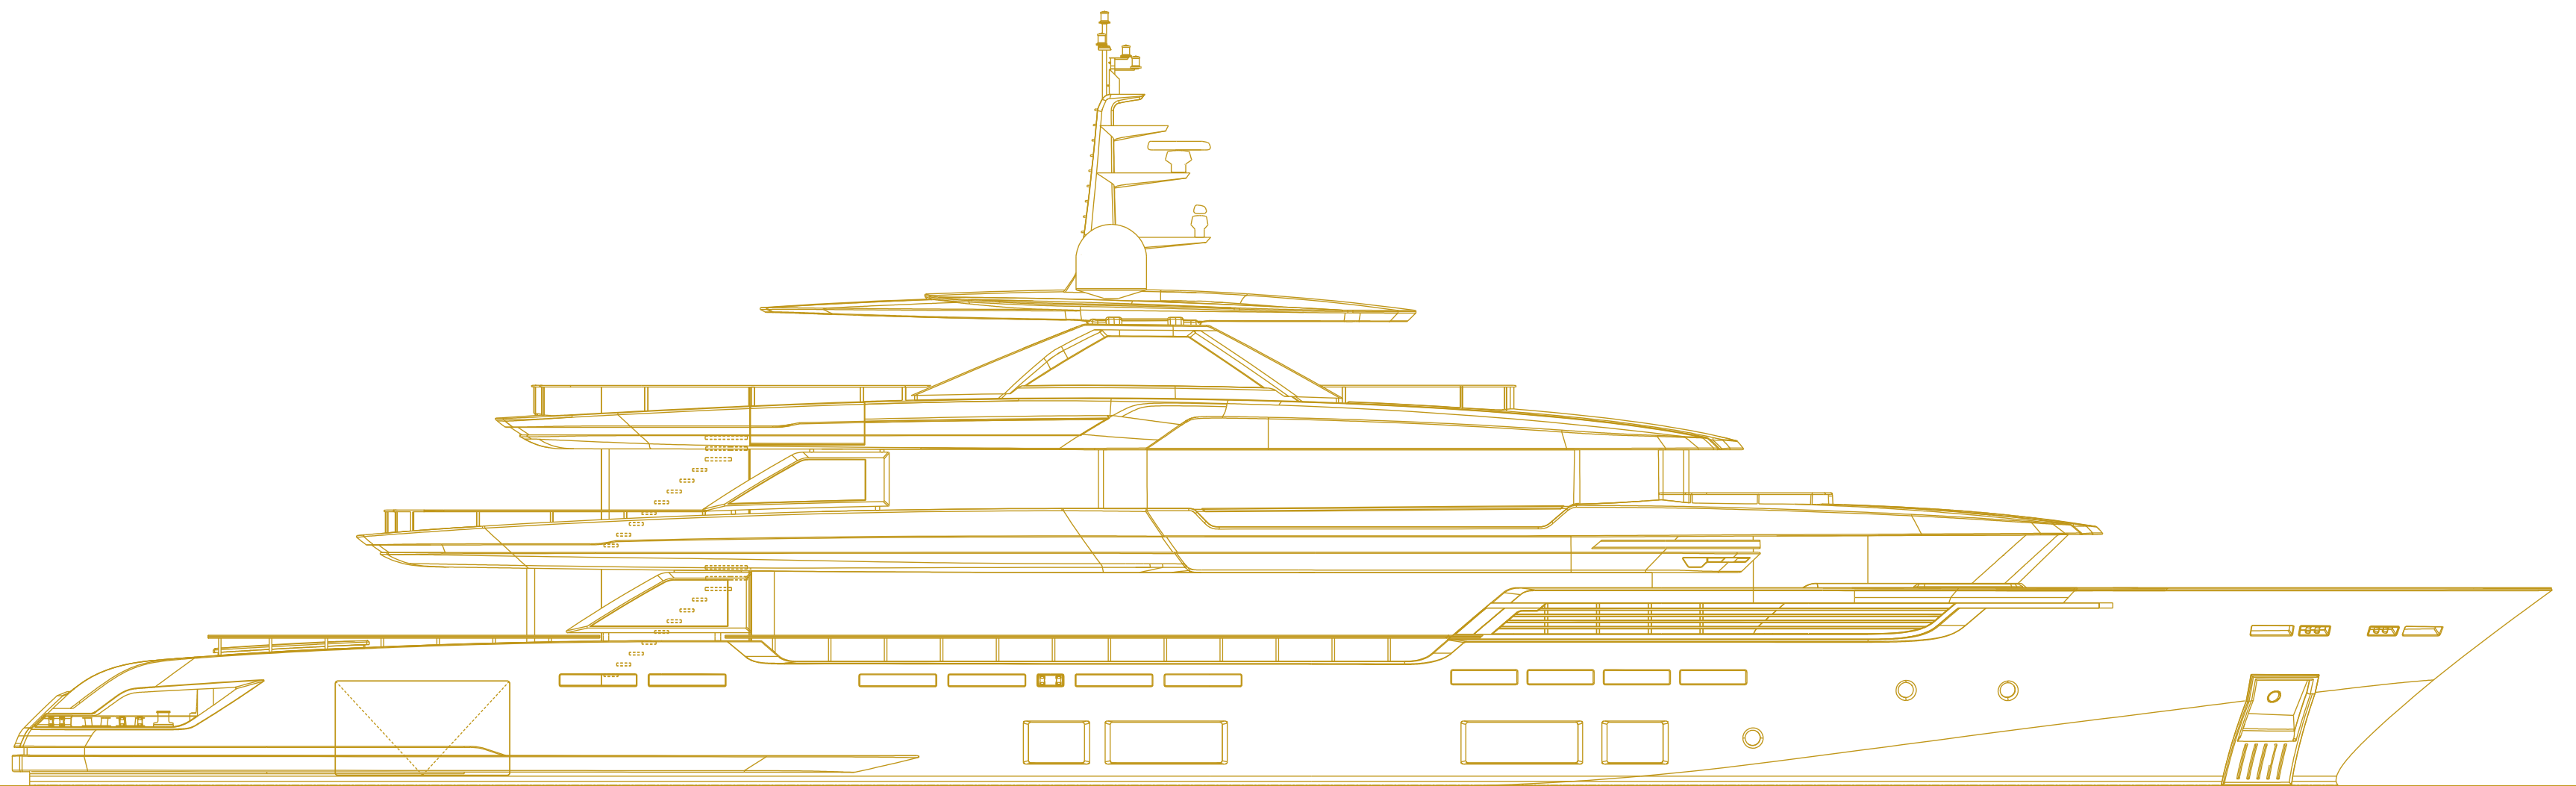

Some people stop at the superficial;
we strive to go beyond.

Because only those who cruise
know where to find the sublime:
beyond the surface.

Beyond the Line.

The Custom Line flagship **reinvents yachting tradition** with a sophisticated touch that plays on the brand's value, character and heritage. She's a pleasure vessel that sets **new standards of naval architecture, engineering and made-to-measure quality** in her class.

THE GROUNDBREAKING ALL-ALUMINIUM MASTERPIECE

Custom Line 50 is the **groundbreaking, all-aluminium, 499 GT superyacht** that redefines her class.

With her bespoke design, **four-deck displacement hull, 4,500-nautical-mile range**, and shallowwater mooring capability, she combines innovation with craftsmanship.

Standout features include the upper-deck owner's suite with a private terrace, an exquisite beach club integrating a waterside lounge with an infinity pool and the main aft deck, and interiors of a magnitude comparable to larger yachts. With reduced weight, advanced hydrodynamics and the use of recyclable materials, she ensures fuel efficiency and sustainability, as well as providing a unique combination of design, versatility and onboard comfort.

The Custom Line 50 project management team – project manager, project architect, construction project engineer, technicians and production team – supports the owner and their project management team on the journey right from the initial brief, developing the yacht's design and tailoring it to their personal ideas, requirements and lifestyle.

THE CRUISING EXPERIENCE HAS NEW DIMENSIONS

Custom Line 50 – **49.94 m long and 9.60 m in the beam** – extends across four decks and introduces some innovative construction and design solutions, such as the **owner's suite in the forward area on an upper deck reserved exclusively for the owner**, and the **beach club with infinity pool integrated into the aft main deck**, a unique 120-square-metre convivial space in close contact with the water. With a **draft of 2.2 metres**, the yacht is ideal for cruising and mooring in shallow waters such as those in the Caribbean.

Some
people see
a straight line;

we see
infinite destinations

The exterior design is inspired by a **timeless classical design** language, with clean, simple lines and a horizontal sweep that gives the yacht a sporty character but without compromising the sense of harmony.

Owner's suite

The new dimensions of cruising:

Custom Line 50 accommodates 12 guests in 5 cabins, an owner's suite on the upper deck, and 4 guest cabins on the lower deck. Another five cabins are designed to ensure maximum comfort for the nine crew members, including the captain whose cabin is located next to the wheelhouse.

The generous outdoor spaces give each of the yacht's decks its own personality, forming a series of **sea-view terraces** that can be enjoyed at all times of day thanks to the shade provided by the extensive exterior deck space.

An island surrounded by the seascape

The distinctive feature of Custom Line 50 is the interconnection between the spaces, clear to see in all the guest areas and especially in the main and upper salons, where it's enhanced by the extensive use of mirrored surfaces combined with large, curved windows designed exclusively for this superyacht. This innovative design creates a spatial dematerialisation effect and conveys the feeling of being on a private island.

The near 65-square-metre aft main deck, completely open towards the beach club, is fitted with exclusive lounge seating and a solarium area that amplifies the multi-functionality of this ambience. This area is connected to and perfectly integrated with the beach club by a spectacular infinity pool.

The main deck salon is a huge yet cozy and refined area surrounded by floor-to-ceiling glazing that offers a 270-degree view and floods the ambience with the beauty of natural light. The elegant **furnishings feature Italian design** and are **custom-made** to enhance the flexibility of the living area.

MAIN DECK | AFT DECK

MAIN DECK | AFT DECK

MAIN DECK | MAIN SALON

The salon opens onto a refined and comfortable dining area dominated by a striking white Calacatta marble oval table seating up to 12. The **sliding walls** on each side convey a sense of fluid harmony, **expanding volumes and amplifying the perception of openness**. Natural light is an ever-welcome guest in the main deck dining area, thanks to two sweeping glazed surfaces that let the eyes roam free towards the horizon, for an endless sensation of intimacy with the sea.

MAIN DECK | MAIN SALON

Strong indoor-outdoor connection pervades all the superyacht's environments.

This interstitial relationship, achieved through the use of large, vertical full-height windows, is intensified by the recurring use of bright, reflective surfaces, especially near the broadside.

MAIN DECK | FORWARD AREA

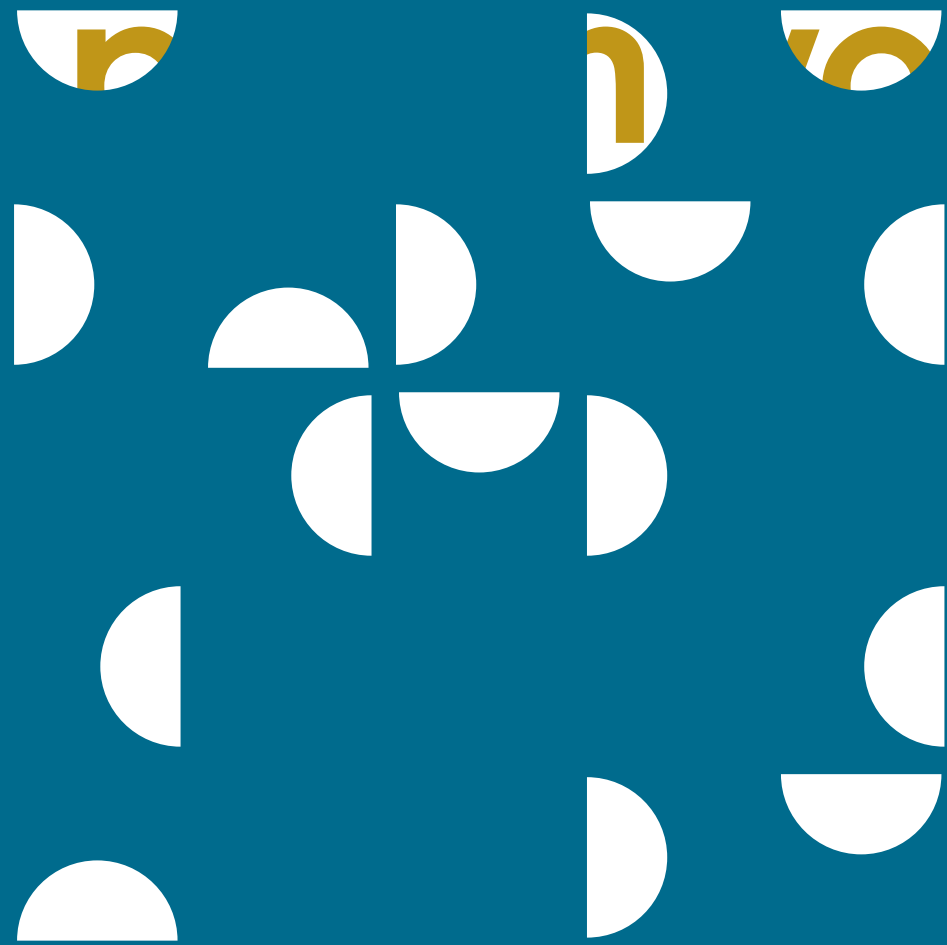

MAIN DECK | FORWARD AREA

Some
people see
a patchwork;

we see
an artwork

Innovation at the water's edge

One of the main features of Custom Line 50 is the two-level beach club. This versatile and welcoming 120-square-metre social and relaxation area is connected to and perfectly integrated with the beach club by a spectacular infinity pool, with a large glass wall providing visual continuity between ocean and pool. Spanning over 35 square metres, the beach area a few steps down from the outdoor aft deck becomes an exclusive private lounge and terrace at the water's edge.

This is made possible by two fold-down transom sections that can be used as a swim platform with direct access both to the water and the infinity pool, a place of calm and tranquillity to enjoy all day long.

MAIN DECK | BEACH AREA

The infinity pool is flush with the deck, leading the gaze seamlessly from freshwater to the ocean in an infinite sensation of touching the sea. Two metres wide and 3.8 metres long, **it can remain filled with water while the yacht is under way in shallow water.**

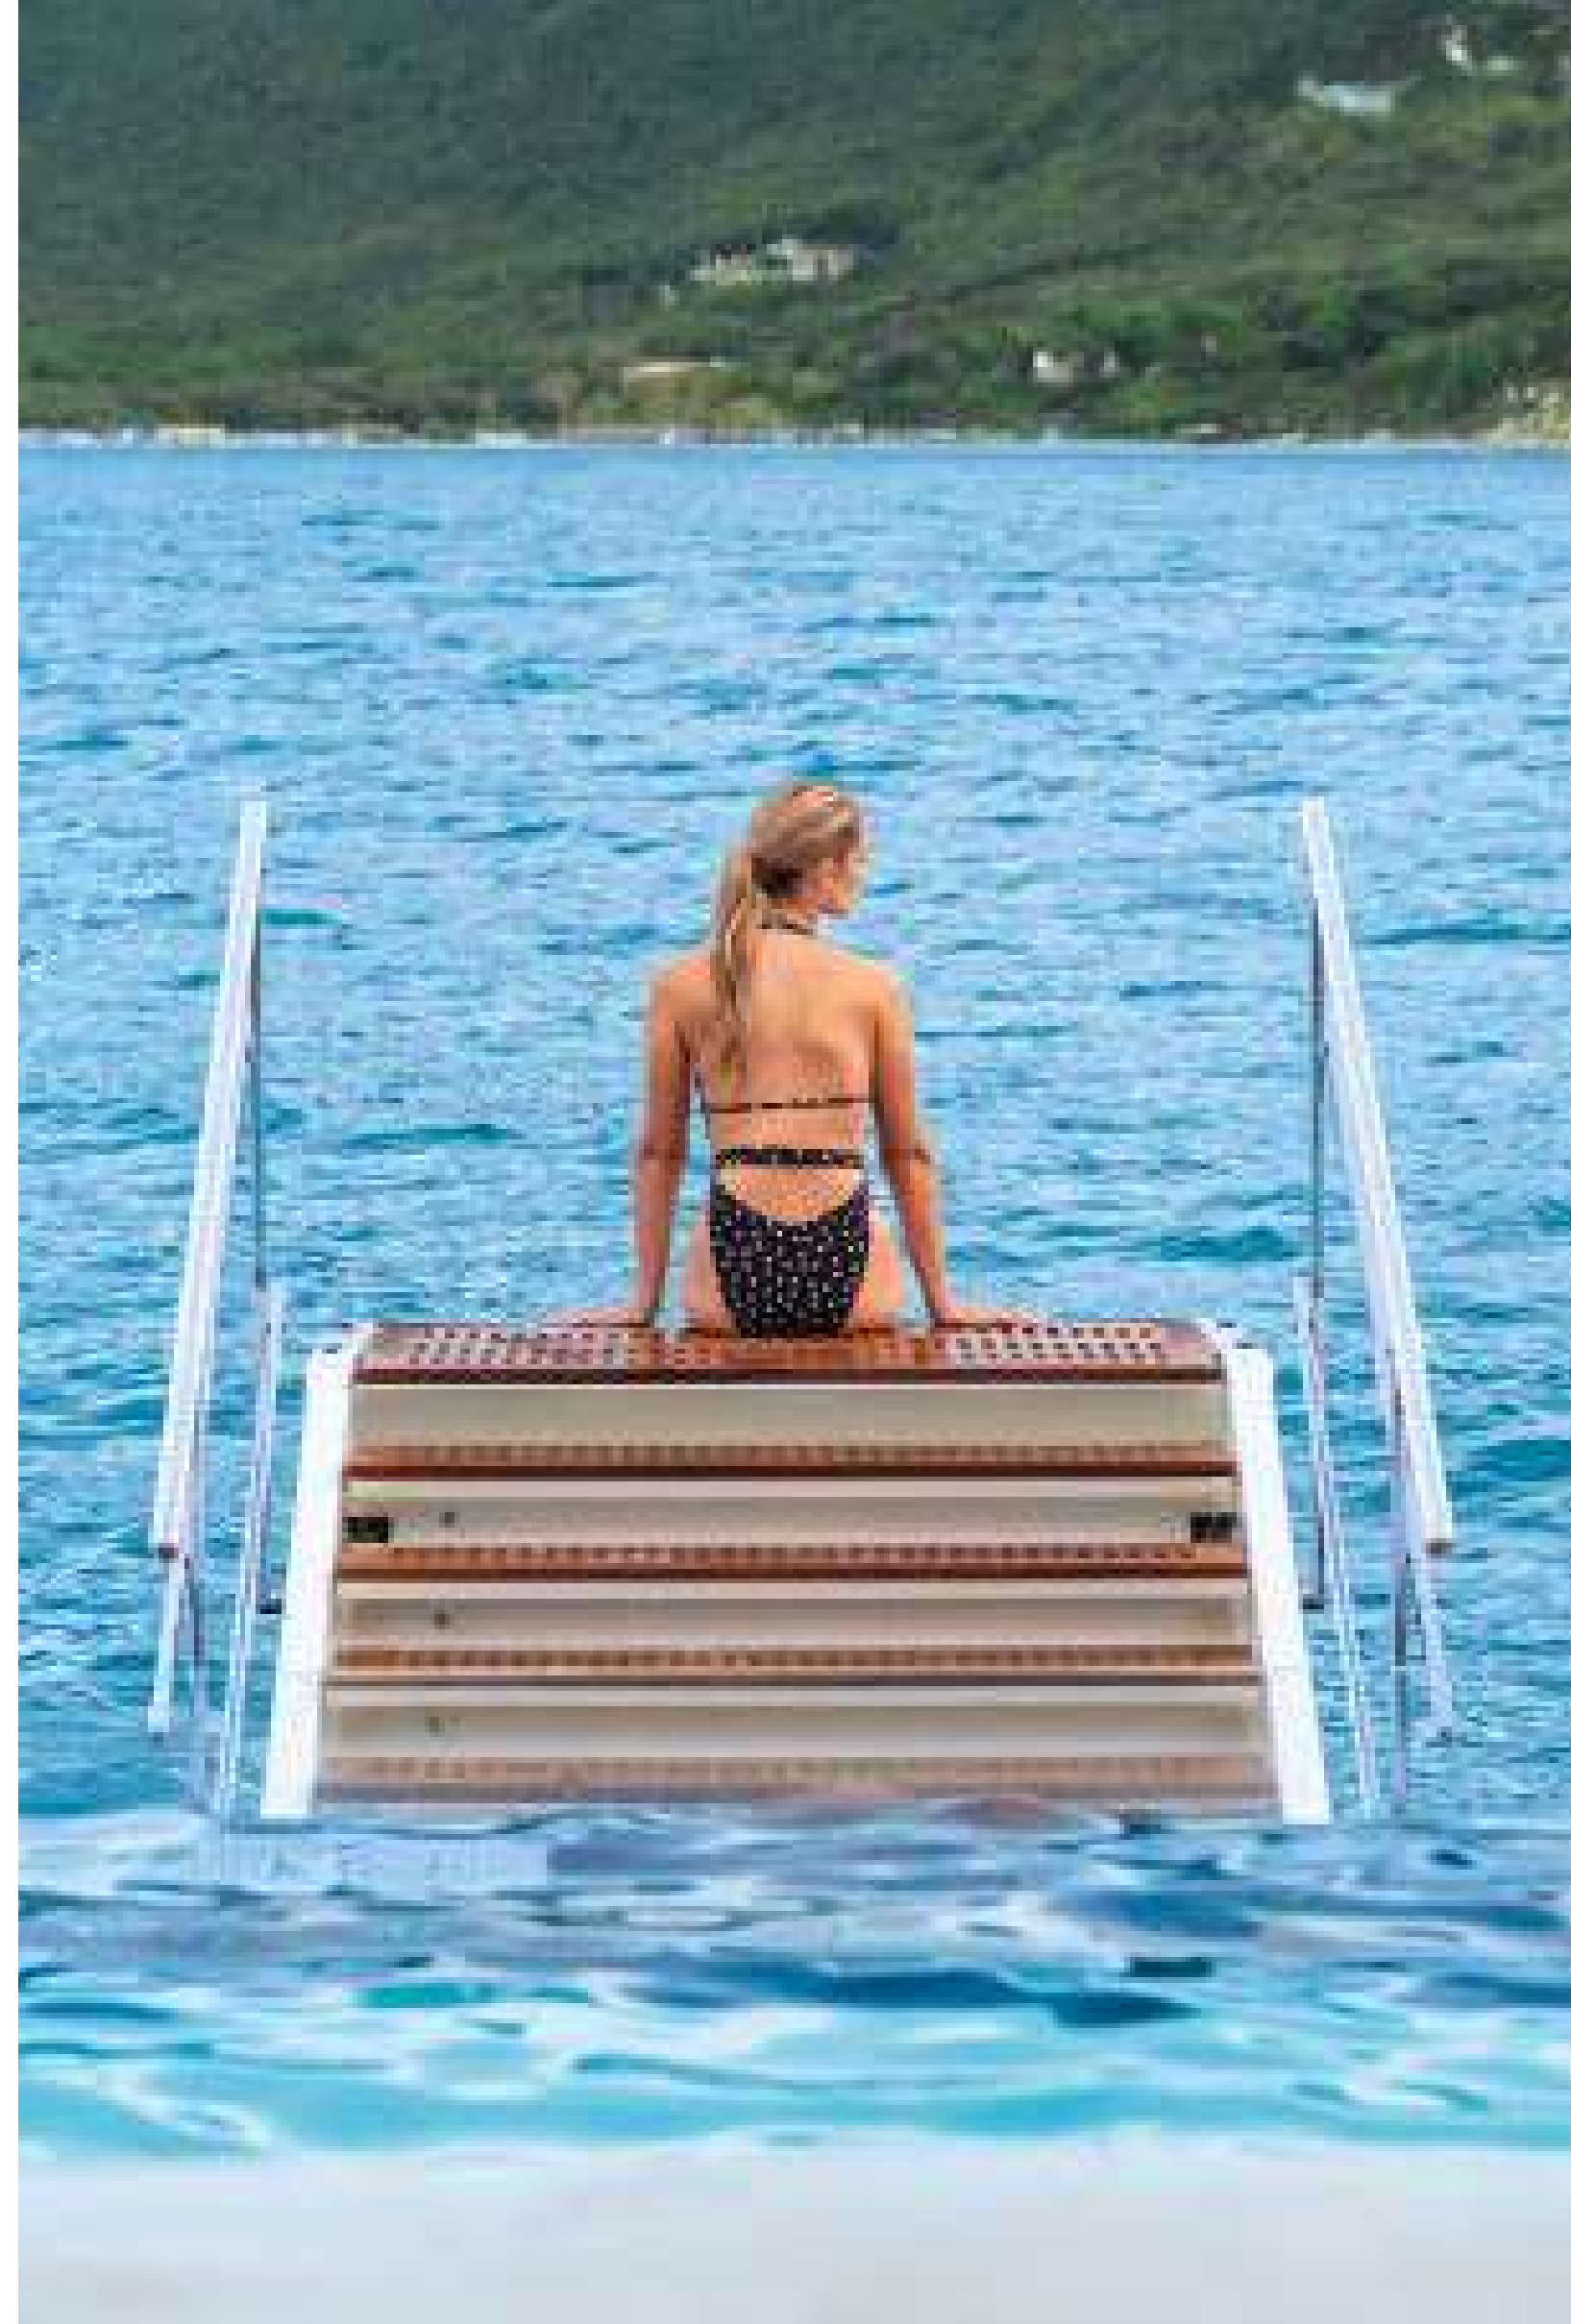

LOWER DECK | BEACH AREA

An impressive terrace on the sea to enjoy with guests: the beach club combined with the main deck aft and the areas inside offer a **multi-level indoor-outdoor living space** that's a catalyst for socialising.

LOWER DECK | BEACH AREA

LOWER DECK | BEACH AREA

LOWER DECK | BEACH AREA

A full deck exclusively designed for the owner's use

Custom Line 50 redefines the standards of yacht design by introducing an unprecedented feature for the segment: a deck devoted entirely to the owner, something usually found only on vessels over 60 metres in length.

The layout is designed around the 75-square-metre owner's suite. Positioned in the forward area on the upper deck and bathed in light thanks to generous full-height windows that wrap around the front of the cabin, it offers a spectacular 180-degree view forward and direct access to an exclusive private terrace.

The owner is ensured maximum privacy by the strict separation of guest and crew flows. An in-depth study of the yacht's volumes and the expert subdivision of the interiors guarantees maximum comfort on board and a fine balance between private spaces and social areas.

With extensive interconnection between interiors and exteriors on the upper deck, the living and aft areas become a supremely liveable environment of unrivalled comfort, gorgeous style and immense space in which to savour the ocean according to the owner's lifestyle.

UPPER DECK | AFT DECK

UPPER DECK | AFT DECK

The aft section of the upper deck continues seamlessly from the sky lounge to an al fresco dining area. This generous outdoor lounge space accessed through sliding glass doors, the ideal setting in which to **enjoy convivial social occasions** while immersed in the beauty of the surrounding seascape, is furnished with a full custom table seating 12 plus a storage unit featuring a contemporary design.

UPPER DECK | AFT DECK

UPPER DECK | UPPER SALON

The luminous sky lounge is a large, light-filled space with a surface area of 37 square metres exponentially amplified by **seamless continuity between indoor and outdoor settings**.

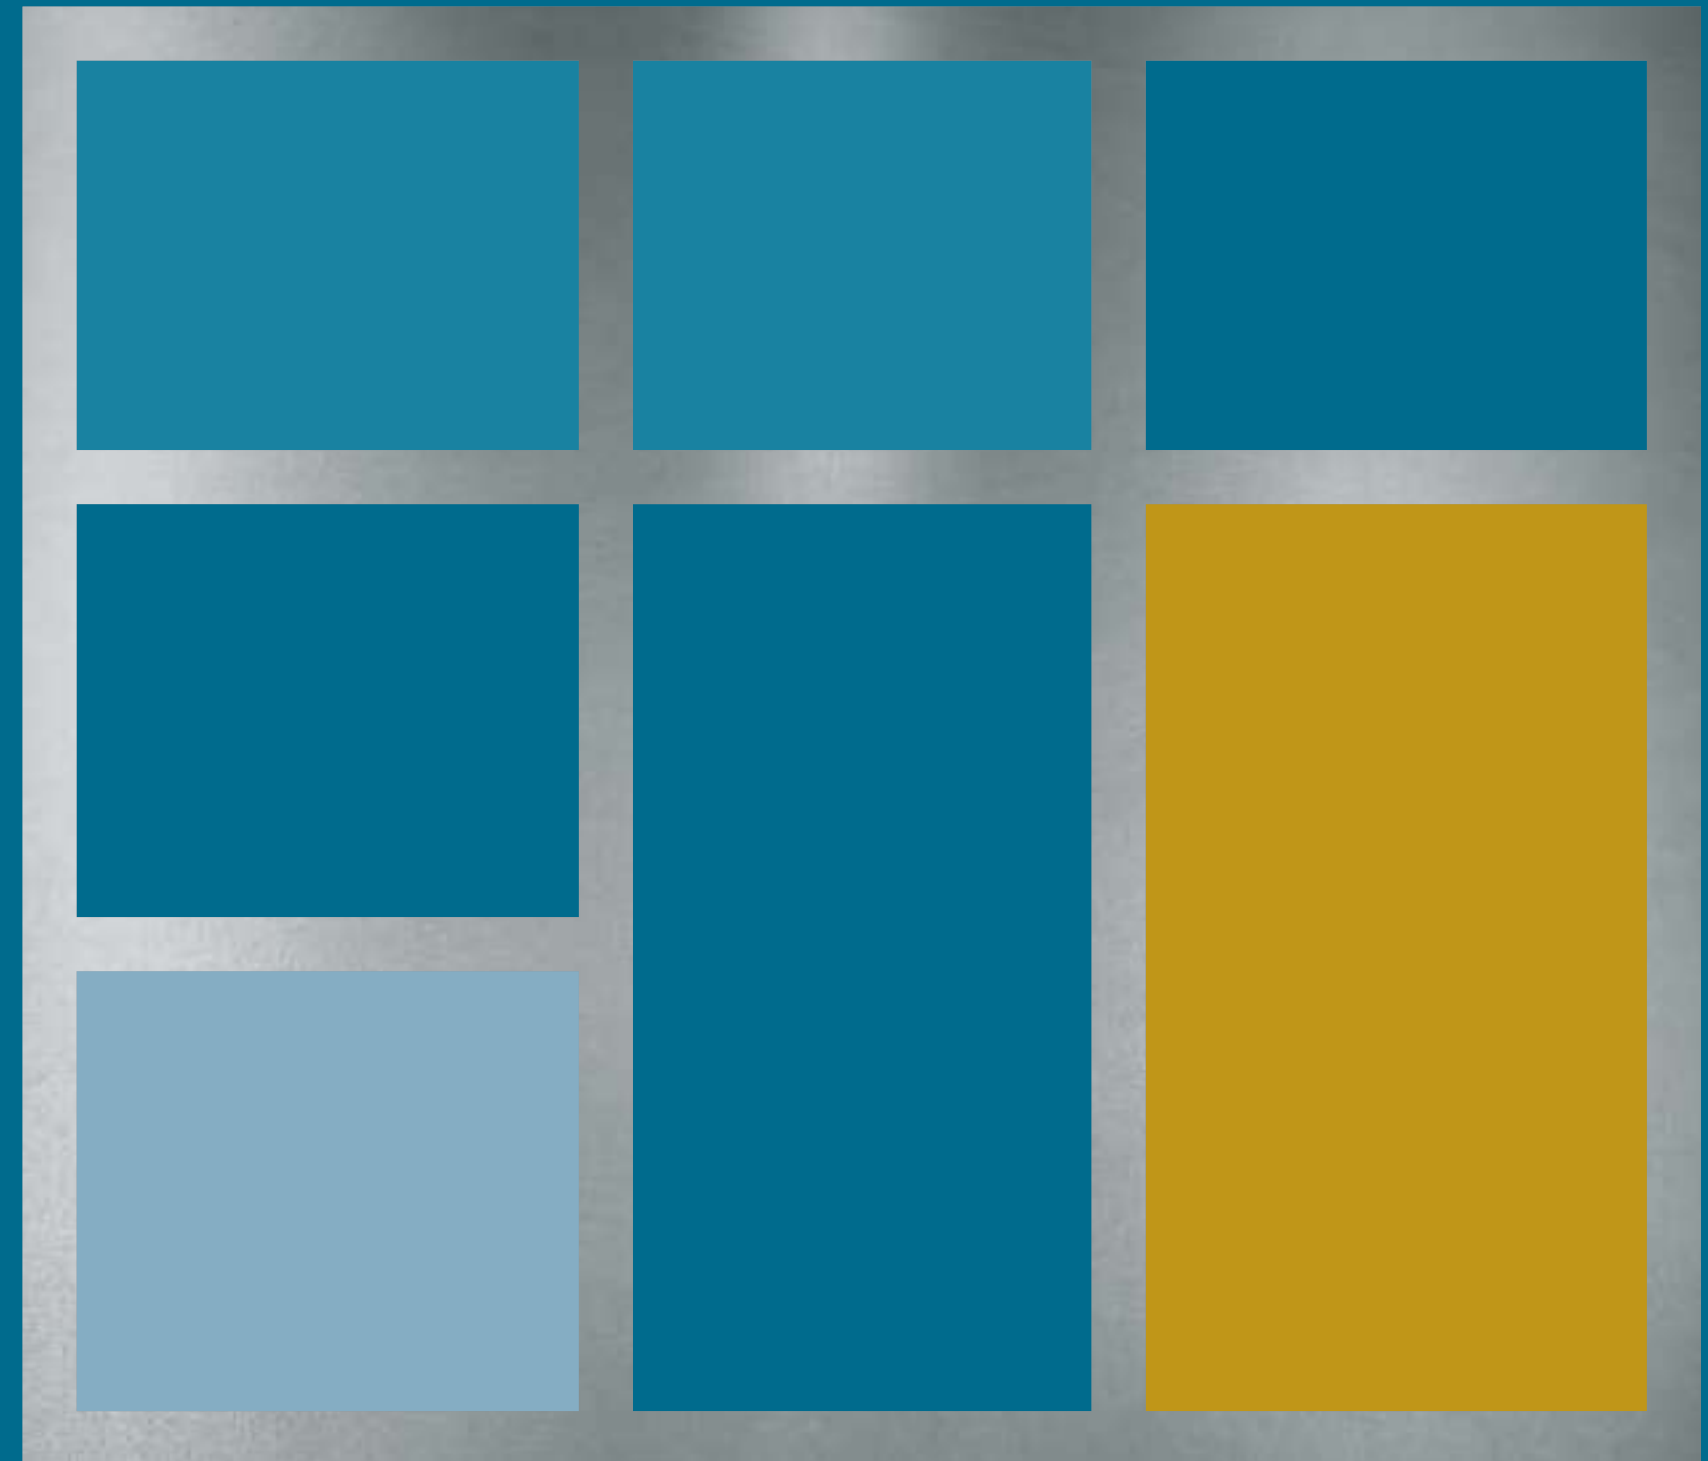

UPPER DECK | UPPER SALON

The **full-height glazing on both sides** of the upper deck salon and the sliding glass doors bathe the space in light and establish a direct connection with the water.

UPPER DECK | UPPER SALON

his inspiration

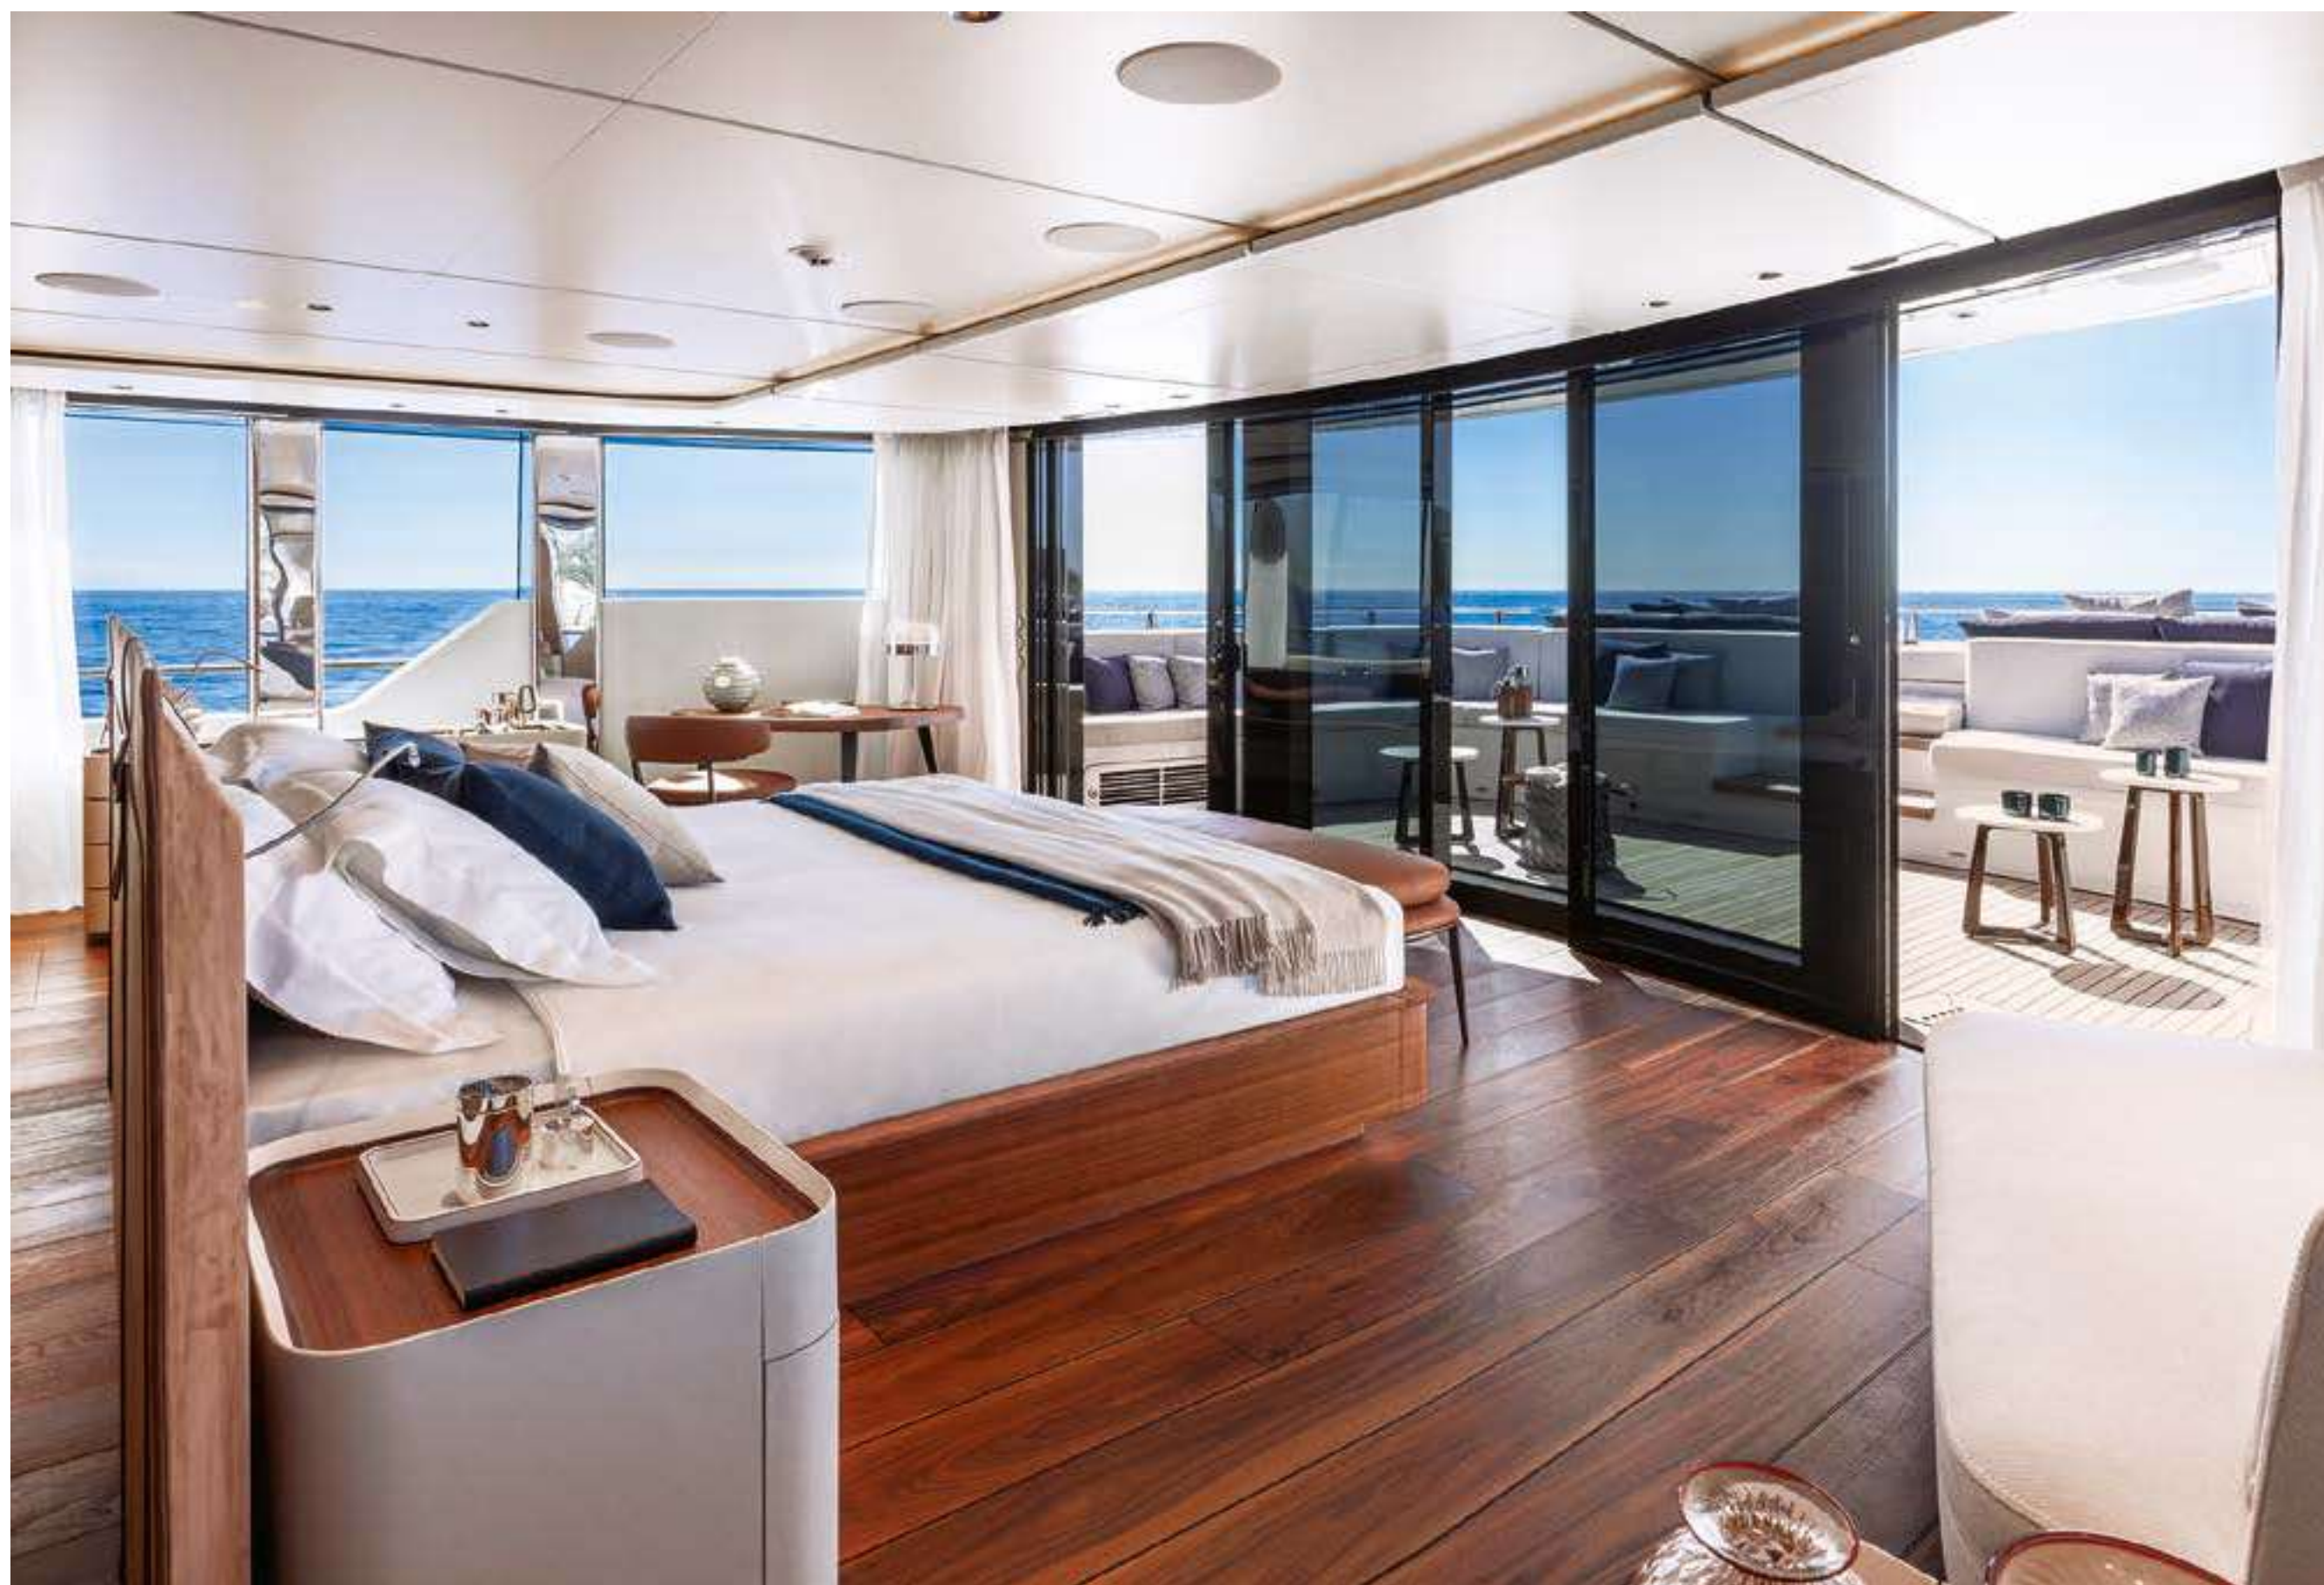

A sea of privacy

Welcome to the heart of Custom Line 50, the 75-square-metre owner's apartment that was the springboard for the entire design. This key feature of the Custom Line flagship concept, in an innovative and privileged position on the upper foredeck, offers stunning 180-degree views through full-height windows that bathe the whole room in natural light. This incomparable location leads directly to a large and exclusive private patio, complete with a sunset solarium that overlooks the sea but retains its function as a quiet and exclusive retreat for the owner. The suite on this level becomes a special place of well-being that can be accessed directly from the lobby, creating a real sense of being on the owner's deck. Further aft are the stairs and the lift that connect all the decks from lower to upper.

UPPER DECK | OWNER'S SUITE

The **owner's apartment** covers **75 square metres** and guarantees an experience of absolute comfort and total privacy. The **panoramic light-filled cabin opens** onto a **private terrace**, creating a setting bathed in natural light and in perfect continuity with the seascape.

The **sophisticated king-size bed is centrally positioned** in the owner's suite, both ensuring privacy and elegantly separating the night area from the refined walk-in closet, the him and her bathrooms and the entrance, all without compromising the owner's privileged 180-degree view of the open sea.

UPPER DECK | OWNER'S SUITE

UPPER DECK | OWNER'S SUITE

UPPER DECK | OWNER'S SUITE PRIVATE TERRACE

The double sliding glass doors in the forward area lead to an outdoor lounge terrace furnished with sofas and seafront sunpads, forming a unique and spectacular private patio with views over the water and total privacy from the sun deck and the yacht's other areas.

In a cutting-edge solution, **the owner's suite with its stunning private terrace** is located **forward of the wheelhouse** rather than beneath it, as is common in a pleasure yacht of this length.

UPPER DECK | OWNER'S SUITE PRIVATE TERRACE

UPPER DECK | OWNER'S SUITE PRIVATE TERRACE

Sky high serenity

With an incredible total surface area of 106 square metres, the sun deck offers outstanding versatility in multi-functional spaces ideal for social activities and entertainment. Aft, a cool spa pool with glass panels on both sides is the ideal place to contemplate the sea view, creating a feeling of weightlessness. Beside it, a sophisticated sunbed provides an elegant and functional transition between the solarium area and the large lounge sofa. Further along the deck is the American bar and a barbecue area with tables that can be joined together to form a dining table for 12 guests, creating the perfect versatile space for use at any time of day.

The sun deck – accessed either from the guest stairway astern or through a service corridor reserved for the crew – is connected to the upper deck pantry via a hidden stairway incorporated in the bar unit.

SUN DECK

Bathing and sunbathing in a unique and even more generous setting: **the aft sundeck area** is the **ultimate expression of the onboard lifestyle** thanks to the spa pool, externally clad in teak, and the functional sunbeds. As well as, of course, the **mesmerizing 360-degree view of the horizon**.

SUN DECK

SUN DECK

The shaded area on the sundeck serves as a **versatile space**, perfect for enjoying in private or with guests throughout the day. The area is equipped with spacious sofas and a unit featuring a lift mechanism that hides the TV when not in use.

SUN DECK

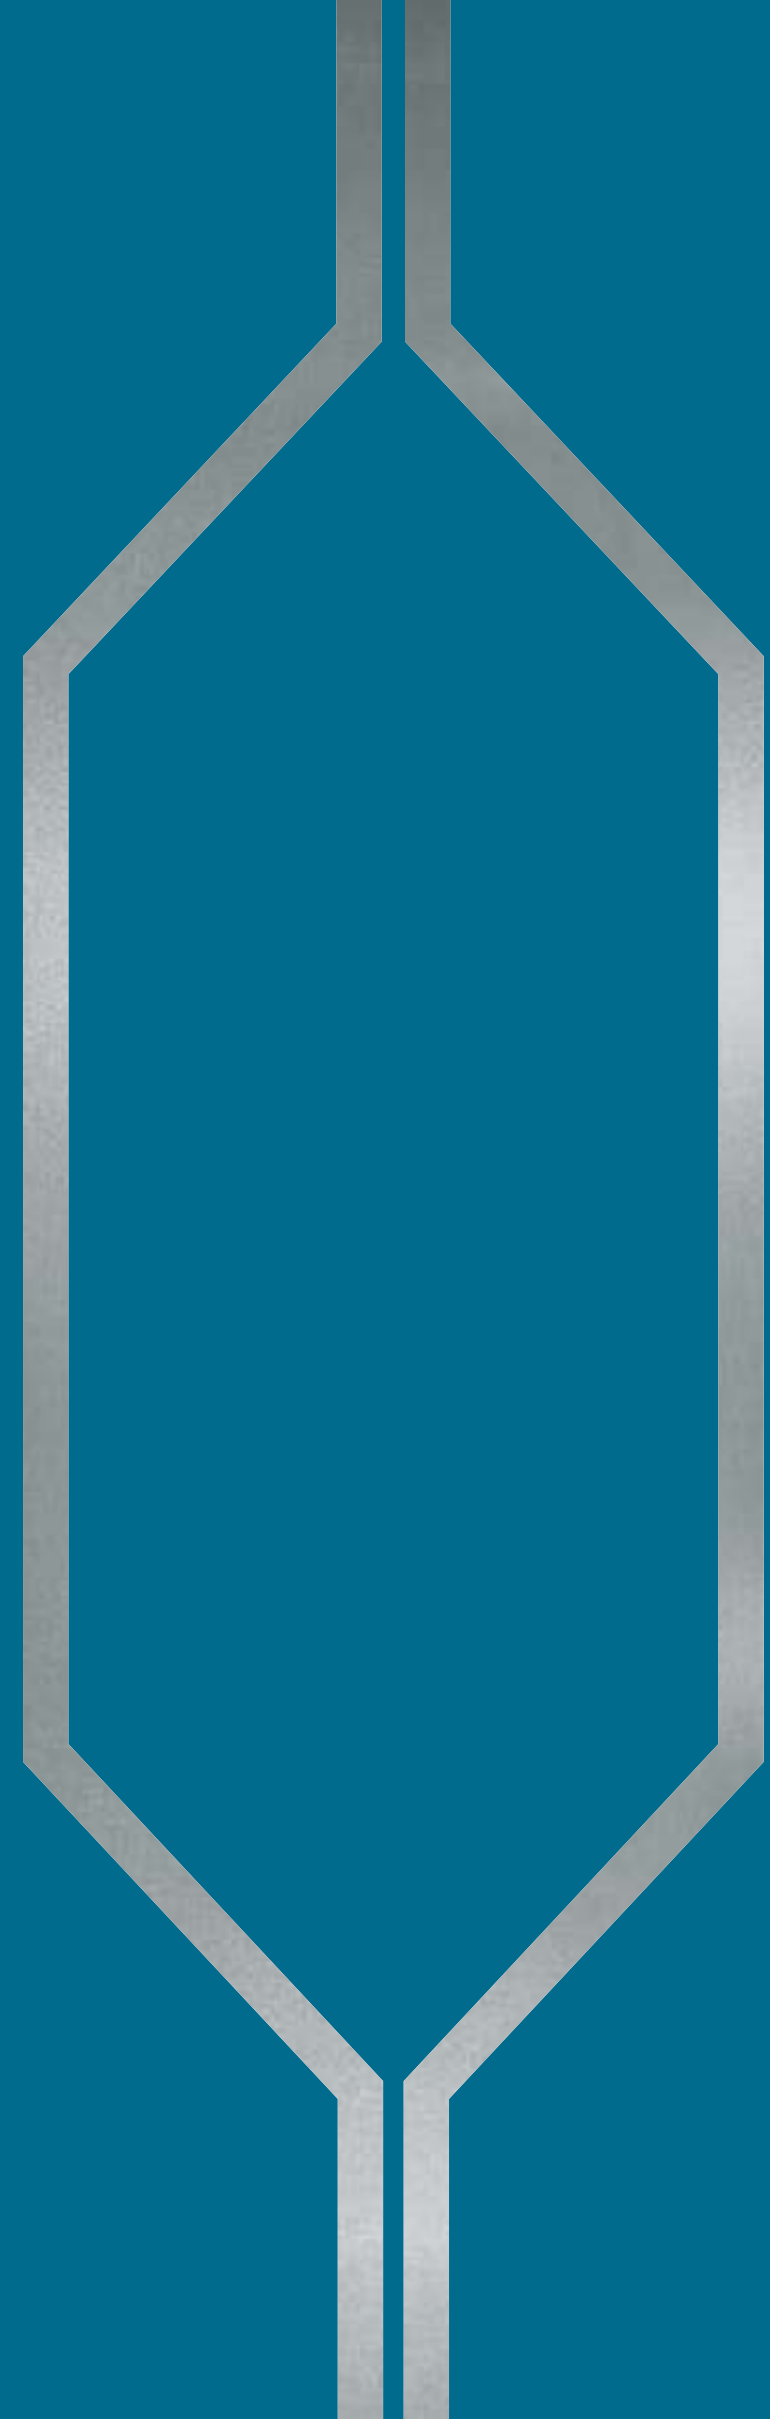

SUN DECK

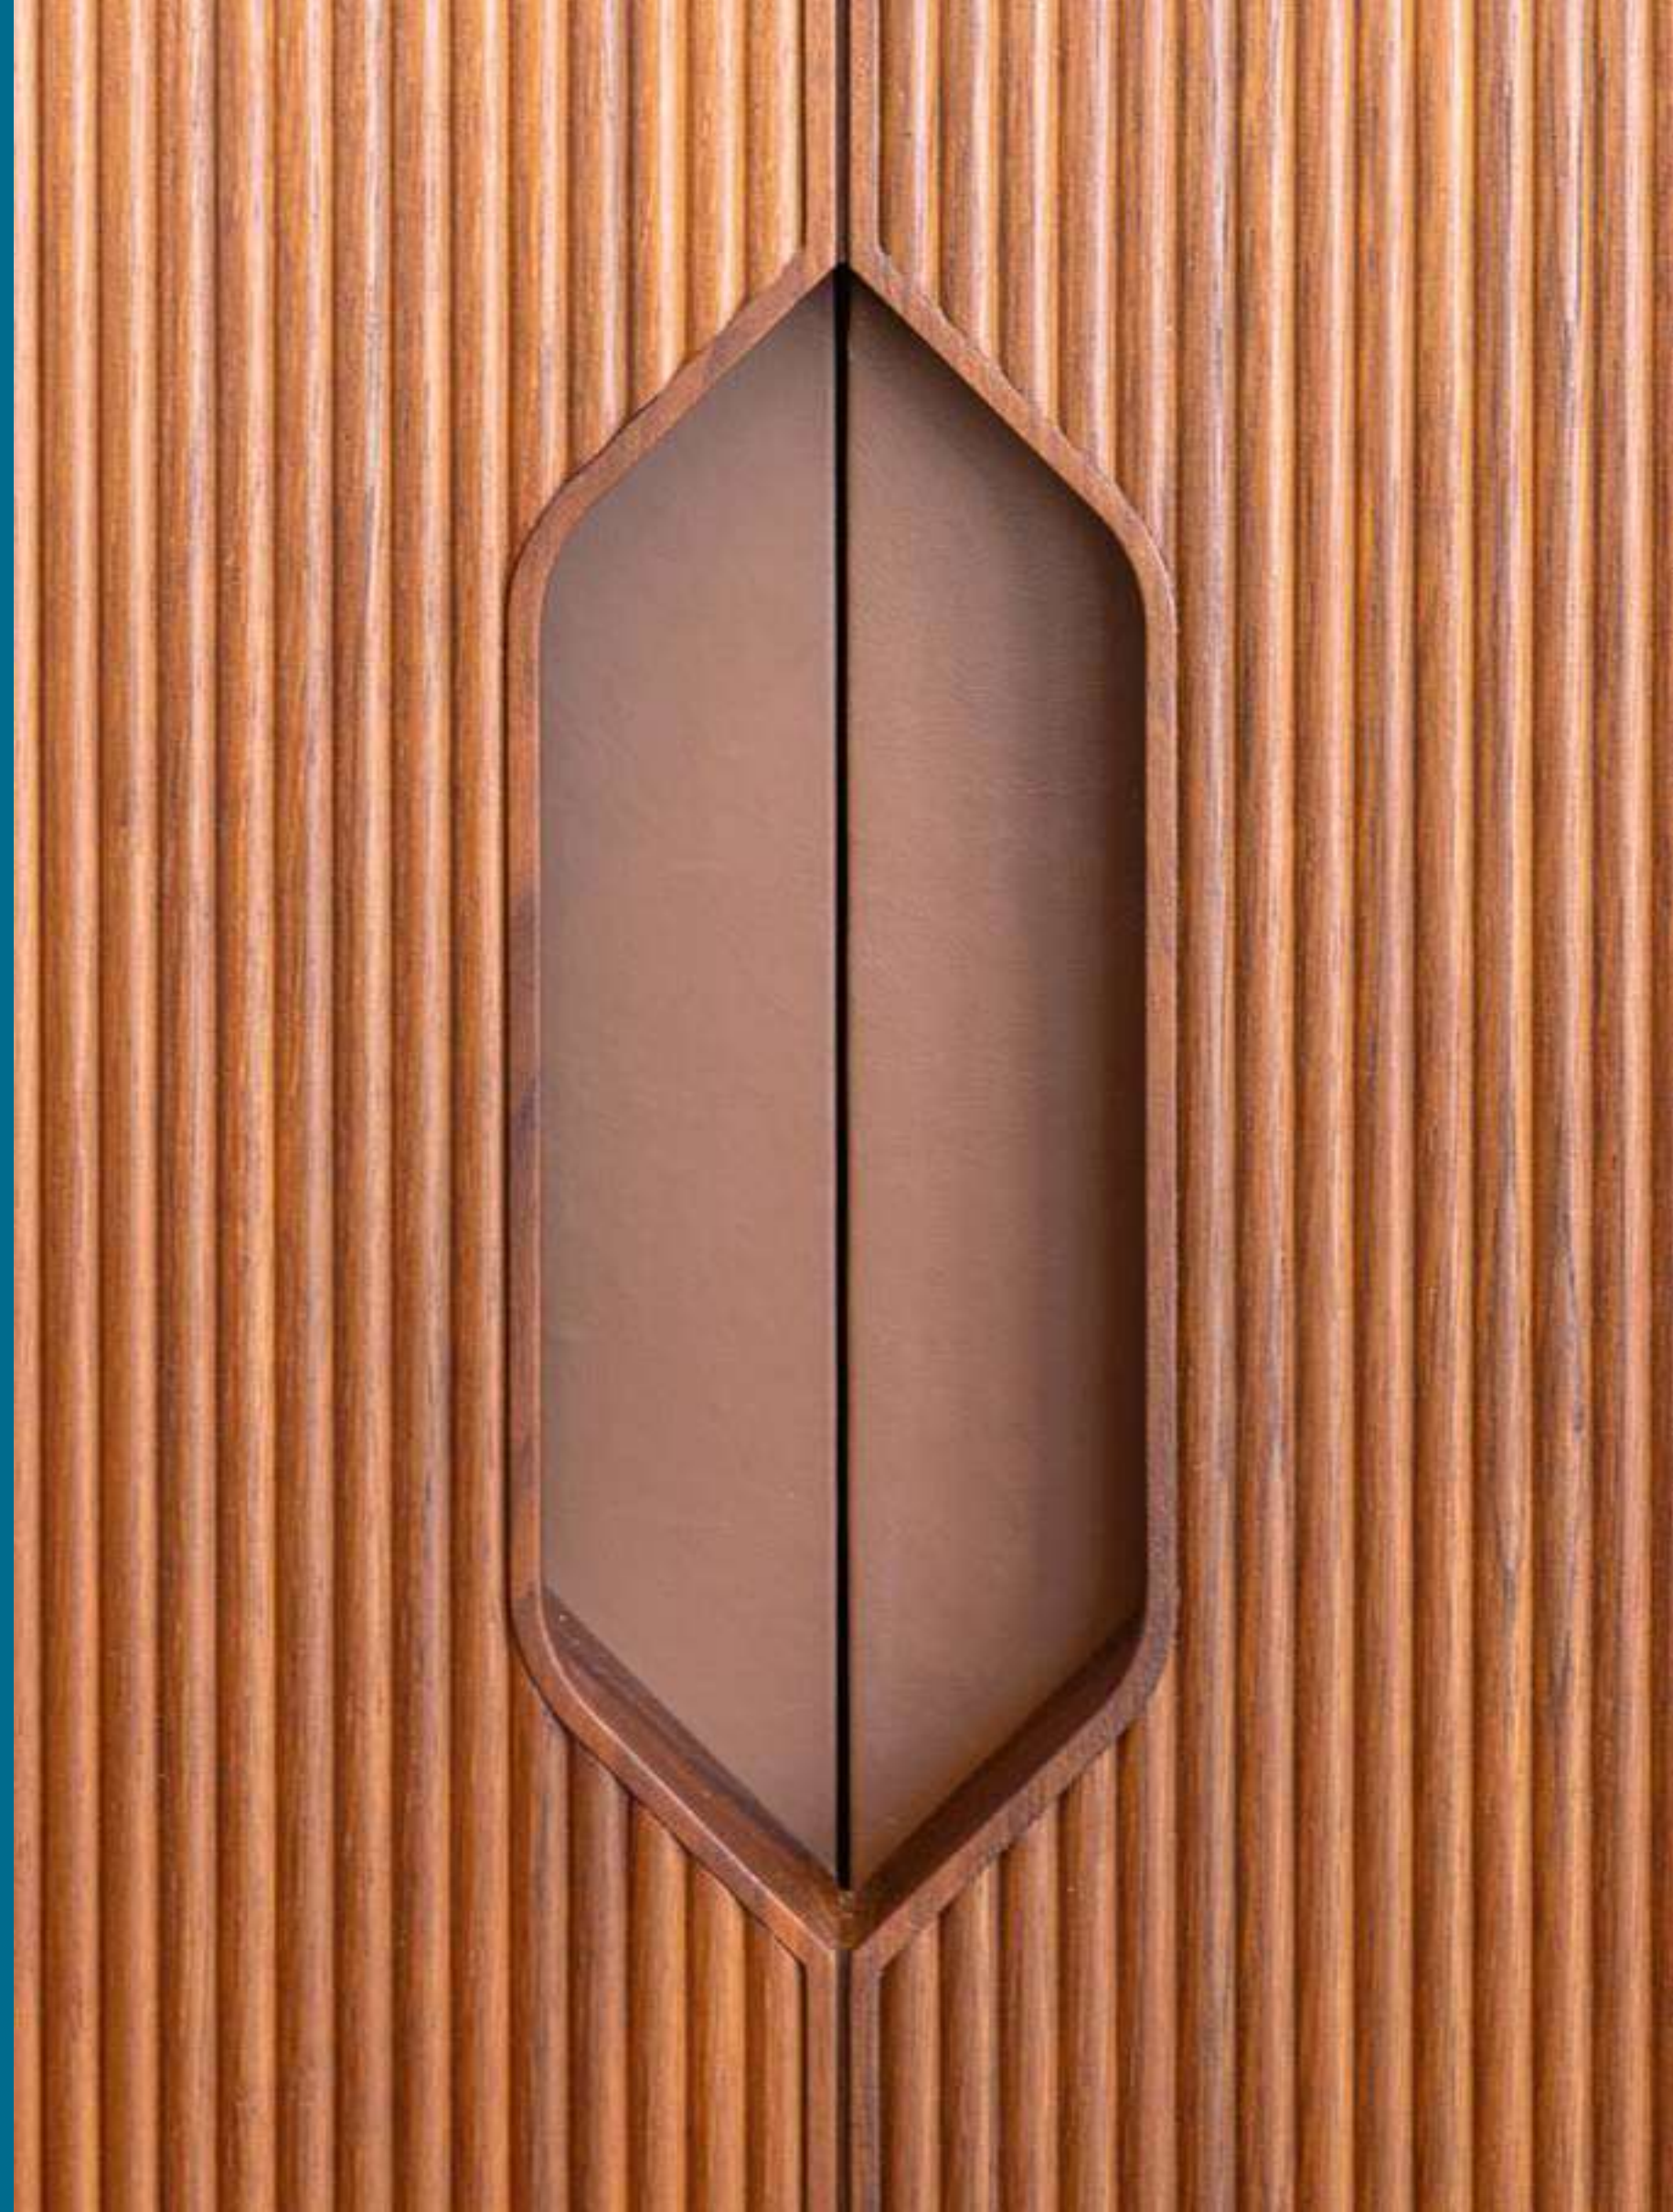

SUN DECK

Some
people see
the symmetry;

we see
a perfect design

LOWER DECK

The lower deck is reached by the **lift** or the **sophisticated stairway**, both of which lead to the night area lobby, an elegant and functional setting providing access to the four guest cabins. In perfect harmony with the colours and materials of the interiors, this **lobby is characterised by warm wood and ivory-coloured wallpaper**, with a strong presence of mirror reflections that amplify the entire space.

LOWER DECK | STARBOARD SIDE VIP CABIN

The four guest cabins – two VIP cabins and two guest cabins in a mirror-image layout – all have private ensuite bathrooms and are generously sized with ceiling heights over 2 m. Focus on detail is the dominant feature in these cabins.

The sea-facing wall is elegantly clad with walnut veneer from ceiling to floor and opposite it is the bed's leather headboard, which covers the entire length of the wall and is enriched by decorative stitching and pockets that act as mini bookshelves.

LOWER DECK | PORT SIDE VIP CABIN

The generous, elegant and refined guest cabins feature **sublime sustainable materials** including natural hides and leather finishes made from 100 percent recycled materials, further confirming the yacht's eco credentials. Spacious wardrobes provide ample storage for personal belongings.

LOWER DECK | STARBOARD SIDE VIP CABIN

LOWER DECK | GUEST CABIN

Go further and beyond

Ideal for covering long distances with reduced fuel consumption and category-beating performance, Custom Line 50 is fitted with two CAT C32 ACERT engines producing 1,081 kW. They drive the yacht to a top speed of 16,5 knots, with a range of about 4,500 nautical miles at an economy cruising speed of 10 knots. The yacht has been designed with the SCR (Selective Catalytic Reduction) system, delivering a 70% reduction in NOx emissions, and is IMO Tier III-certified, in line with Ferretti Group's design vision and its strong focus on respecting the environment and on sustainable development.

Custom Line 50 features technology of the very highest quality, involving the integration of new components and on-board systems, including AMS stern mechanical movement systems and CMC Marine stabilization systems (4X Zero Speed Electric Fins) for maximum on-board comfort both when cruising and at anchor, and high-efficiency air conditioning systems. The hull built entirely from lightweight aluminium alloy was developed using Computation Fluid Dynamics (CFD) to optimise hydrodynamic performance. The result is a sleek, efficient design that reduces drag, improves stability, and enhances overall performance, ensuring a smooth and fuel-efficient journey even in challenging sea conditions. Custom Line 50 is designed to minimise environmental impact thanks to her reduced weight, advanced hydrodynamics and the use of recyclable materials on board.

MAIN DECK | GALLEY

The **wheelhouse** on the **mezzanine between the main and upper decks** is designed to high standards of ergonomics, functionality and technological innovation. The wheelhouse also features integrated management of the propulsion system, navigation functions and on-board monitoring, with an easy-to-use advanced interface developed with Team Italia consisting of a central 44-inch display and two 24-inch side monitors. The generous glazed surfaces here offer optimal visibility for precision manoeuvring, ensuring both safety and control. The forward bow section on the main deck provides an open-air stowage space for a rescue tender and two jet skis, complete with a davit for easy handling and launching operations.

The latest innovations
in construction technology
ensure the highest levels
of performance and efficiency.

The **captain's cabin** is next to the wheelhouse and features a double bed and a private head, with access to the crew quarters on the lower deck.

The lower deck has a **crew area** forward designed **for maximum liveability, functionality and comfort.**

The spacious crew quarters host a crew mess and four double cabins with private bathroom, plus a separate large space containing a service pantry and a laundry in another mezzanine under the lower deck, resulting in an efficient and well-organised layout.

The engine room and the main garage, which has its entrance on the starboard side and is designed to accommodate a 6.25-metre Williams tender, are located in the stern, forward of the beach club. The launch and haul-up system featuring an electrohydraulic crane is easy to operate, efficient and offers the utmost in practicality.

LOWER DECK | CREW MESS

All the yacht's guest and convivial areas, including the owner's suite, guest cabins and salons, are **equipped with state-of-the-art home automation technology** so that the air conditioning, lighting, blackout blinds, televisions and audio-video devices can be controlled and personalised from tablets. The on-board experience is also enhanced by a staff call concierge system: the owner and guests can use the iPads provided on board to call the crew at any time and receive an immediate answer.

LEADING THE FUTURE

CREIAMO GRANDEZZA

Come Gruppo leader della nautica di lusso, è questo il nostro impegno primario, l'ispirazione che ci guida, individualmente e collettivamente. È il valore che trasmettiamo ai nostri dipendenti, ai nostri brand, agli armatori.

MIGLIORIAMO GLI STANDARD DELLA NAUTICA

Incoraggiamo i nostri professionisti a utilizzare know-how ed esperienza per rendere la nautica di lusso un polo di attrazione e un motore di sviluppo economico e tecnologico.

CREDIAMO NELL'INNOVAZIONE

Ferretti Group raggiunge l'eccellenza grazie alla costante innovazione e all'adozione di tecnologie avanzate. È così che otteniamo performance eccellenti e garantiamo sicurezza in mare, offrendo agli armatori esperienze senza eguali.

CREIAMO VALORE

Supportiamo con risorse ed energie lo sviluppo a lungo termine dei nostri brand, rafforzando ulteriormente la loro capacità di creare valore. Questo ha assicurato negli anni un successo straordinario, consentendoci di diventare leader indiscusso nel settore della nautica di lusso.

SIAMO VICINI ED EFFICACI

Ferretti Group ha costruito nel tempo una rete internazionale di dealer e assistenza, così da soddisfare ogni necessità e desiderio degli armatori in ogni parte del mondo. La vicinanza al cliente è uno degli ingredienti del nostro successo duraturo.

CONSIDERIAMO L'IMPATTO AMBIENTALE

Consapevole della necessità di considerare l'impatto ambientale e sociale dei propri prodotti e processi, Ferretti Group pubblica annualmente un Bilancio di Sostenibilità. Il documento illustra i principali effetti ambientali derivanti dalle attività del Gruppo e delinea le iniziative in atto per uno sviluppo sostenibile.

CREATING GREATNESS

This is our commitment as a luxury yachting group. This is the spirit that drives us, individually and collectively. This is the value we bring for our employees, our brands, our clients and society as a whole.

EMPOWERING EXPERTISE

We continually spur each of our brands to go further. We leverage their special know-how, artisanal accomplishment and technological expertise to stay at the cutting edge of the nautical world.

STRIVING FOR INNOVATION

Ferretti Group delivers excellence through constant innovation and pioneering technology. This is how we achieve formidable performance and safety at sea, offering clients authentic experiences to satisfy their desires for affirmation and self-expression.

CREATING VALUE

We focus our energy and resources on supporting our brands in their long-term development, further boosting their ability to create value. This has earned us extraordinary success over the years, helping the group become a pre-eminent player in today's yachting sector.

GOING GLOBAL

Ferretti Group always endeavours to be close to the market and to our customers, doing whatever it takes to deliver exceptional performance. We have built up an agile, resourceful international dealer network, supported by high-end marketing initiatives to enhance our brands' worldwide visibility and profile.

SOFTENING OUR IMPACT ON THE ENVIRONMENT

Ever aware of the need to consider the environmental and social side-effects of our products and processes, Ferretti Group publishes a Sustainability Report every year. This document maps the main impacts of our activities and outlines the initiatives in place towards more sustainable development.
